# BRAND LOGO

## The Logo

The Materia Bioworks logo is inspired by the intersection of science, innovation, and natural transformation. The abstract “M” symbol is crafted from clean, geometric forms that represent structure, precision, and advanced biotechnology processes. Its flowing inner cuts reflect movement and growth — symbolizing cellular evolution, bio-engineering, and sustainable material development. The teal tone embodies trust, vitality, and scientific integrity, aligning with the brand’s commitment to forward-thinking biological solutions. Together, the symbol and typography create a balance between cutting-edge research and real-world application, positioning Materia Bioworks as a pioneer in modern bio-innovation.

## Color Versions

Our logo adapts gracefully to different backgrounds, ensuring visibility and impact. Whether on a bold backdrop or a softer tone, the logo stands out with its distinct design. This adaptability not only enhances brand recognition but also reflects the vibrancy & adaptability

# Usage Guides

---

## Exclusion Zone

Give logo breathing room. The exclusion zone ensures it stands out with clarity. This simple guideline guarantees our logo visibility and reinforces the harmony our brand represents..

# Optimal Size

To maintain clarity and legibility across all applications, the Materia Biowork logo should always be used within the recommended size range. Avoid scaling the logo below the minimum pixel size to prevent loss of detail or readability. Ensure the logo remains sharp, balanced, and visually clear whether displayed on digital screens or printed materials.

# BRAND COLORS

# Brand Colors - Primary

Our primary colors define the visual identity of our brand. These carefully chosen hues are designed to evoke the emotions and tones. Creating a vibrant and authentic spirit that speaks to our audience

## Brand Colors - secondary

The secondary palette complements Materia Biowork primary colors, adding warmth, balance, and flexibility. These colors are used for accents, backgrounds, and functional elements such as call-to-action buttons or infographics. They should support — not overpower — the primary palette to maintain a cohesive and approachable visual identity.

# VISUAL ELEMENTS

## Brand Pattern

The Materia Biowork brand pattern is a visual extension of our identity, designed to add depth and recognition across various applications. It may be used as a subtle background element in stationery, digital media, social content, and corporate materials. Always apply the pattern with balance and clarity – it should enhance the design without overpowering the core brand elements such as the logo or typography.

# Iconography

Materia Biowork icons are simple, friendly, and intuitive designed to guide, not distract. With clean lines, smooth curves, and balanced shapes, they reflect the brand’s approachable and tech-forward personality. Every icon feels part of the same system, helping users navigate with ease while keeping the experience fresh, human, and unmistakably Go.

# 07

# DO'S & DON'TS

## Logo Do's

Using the Materia Biowork logo correctly is essential to maintain a consistent and recognizable brand identity. Follow these guidelines to ensure proper usage:

Always follow the examples mentioned below:

1. Use the logo only in its approved color versions as specified in the brand guidelines.
2. Do not distort, stretch, or alter the logo in any way.
3. Keep the logo free from background clutter or distracting elements.
4. Maintain adequate clear space around the logo to ensure visibility and impact.
5. Use the light logo on dark backgrounds and the dark logo on light backgrounds for optimal contrast.
6. Use the light logo on dark backgrounds and the dark logo on light backgrounds for optimal contrast.

# Don'ts

The Materia Biowork logo has been designed to ensure optimal results when reproducing it at a variety of sizes across different types of media. Use the logo according to the specifications in these guidelines. Improper use of the Drssoft logo diminishes the impact of the brand identity and compromises our ability to protect it legally.

Take care to avoid the possible misuses of the Materia Biowork logo as shown here. The only acceptable alteration of the logo is increasing or decreasing its size through proportional scaling of the original vector artwork. The following incorrect uses apply to all logo versions.

Do not change the colors of the symbol or wordmark or add visual effects.

Do not use the wordmark on its own without the amoeba.

Do not change the logo or wordmark in any way.

Do not compress or skew the logo.

Do not add color gradients within or behind the logo

Do not use the logo as a holding shape for masking imagery or graphics.

Do not place the logo over complex busy or low contrast imagery

Do not use the logo extrude

Do not rotat or lockup

Do not use the unapproved colors.

Do not use the outline logo or wordmark

Do not reflect the logo

## Logo Placement Do's

Place the Materia Biowork logo in a clear, balanced area where it remains visible and uncluttered. Always maintain proper spacing and contrast to preserve legibility. Avoid stretching, rotating, or placing the logo too close to edges or busy backgrounds. Consistent placement ensures a cohesive and professional brand experience across all applications.

## Logo Placement Don'ts

Place the Materia Biowork logo in a clear, balanced area where it remains visible and uncluttered. Always maintain proper spacing and contrast to preserve legibility. Avoid stretching, rotating, or placing the logo too close to edges or busy backgrounds. Consistent placement ensures a cohesive and professional brand experience across all applications.

# APP ICON

## App Icon

The app icon is a core visual representation of the brand and should remain clear, recognizable, and consistent across all platforms. It should use the primary logo mark or symbol without additional text, ensuring strong visibility at small sizes. The icon must be placed on a clean, balanced background with sufficient contrast to maintain legibility and brand integrity on all devices and screen resolutions.
